## **EVERYPET ACHIEVES SERVICE ENTERPRISE ACCREDITATION**

*Earns spot in the top 11% of nonprofits nationwide*

**Jacksonville, FL** — EveryPet, a nonprofit veterinary organization dedicated to keeping pets and families together, has officially achieved Service Enterprise Accreditation, a national designation recognizing excellence in strategic volunteer engagement. The accreditation is effective December 2025 through December 2028.

Service Enterprise is a nationally recognized change management program that equips organizations to strategically leverage volunteers and their skills to advance their mission. By earning this accreditation, EveryPet joins the top 11 percent of nonprofits nationwide in volunteer management and organizational performance. This accomplishment reflects EveryPet's commitment to meaningfully integrating volunteers into its impact model.

“Achieving Service Enterprise Accreditation affirms what we believe at our core — that volunteers are essential partners in advancing our mission,” said Jennifer Barker, Chief Executive Officer of EveryPet.

For EveryPet, this accreditation enhances its ability to expand access to affordable veterinary care across Northeast Florida. Volunteers support clinic operations, community outreach, administrative initiatives, and specialized projects that strengthen organizational efficiency and impact. Through this rigorous process, EveryPet has strengthened its infrastructure to ensure volunteers are strategically aligned with its mission to reduce pet overpopulation, prevent unnecessary shelter surrenders, and expand access to compassionate veterinary care — regardless of a pet owner's financial situation.

###

### **About EveryPet**

EveryPet is a nonprofit veterinary organization dedicated to keeping pets and families together by providing affordable veterinary care, free and low-cost spay/neuter services, and lifesaving community programs. Through its clinics, hospital, and community partnerships, EveryPet works to reduce pet overpopulation, prevent unnecessary shelter surrenders, and expand access to compassionate care for all pets — regardless of their owner's financial situation.
